Privacy Policy

Welcome to boojbooj.com, the website and online service of YapLoud, Inc. ("Company" "we," or "us"). Company knows that you care how information about you is used and shared. This Privacy Policy explains what information of yours will be collected by Company when you use boojbooj.com and related services (the "Service"), how the information will be used, and how you can control the collection, correction and/or deletion of information. We will not use or share your information with anyone except as described in this Privacy Policy.

Information We Collect

User-Provided Information: You provide us information about yourself, such as your twitter username or other usernames when you use the Service. If you correspond with us by email, we may retain the content of your email messages, your email address and our responses.

Cookies Information: When you visit boojbooj.com, we may send one or more cookies - a small text file containing a string of alphanumeric characters - to your computer that uniquely identifies your browser and lets Company help you log in faster and enhance your navigation through the site. A cookie does not collect personal information about you. Company uses both session cookies and persistent cookies. A persistent cookie remains on your hard drive after you close your browser. Persistent cookies may be used by your browser on subsequent visits to the site. Persistent cookies can be removed by following your web browser's directions. A session cookie is temporary and disappears after you close your browser. You can reset your web browser to refuse all cookies or to indicate when a cookie is being sent. However, some features of the Service may not function properly if the ability to accept cookies is disabled.

Log File Information: Log file information is automatically reported by your browser each time you access a web page. When you register with or view our site, our servers automatically record certain information that your web browser sends whenever you visit any website. These server logs may include information such as your web request, Internet Protocol ("IP") address, browser type, referring / exit pages and URLs, number of clicks, domain names, landing pages, pages viewed, and other such information.

Clear Gifs Information: When you use the Service, we may employ clear gifs (a.k.a. Web Beacons) which are used to track the online usage patterns of our users anonymously. No personally identifiable information from your Company account is collected using these clear gifs. In addition, we may also use clear gifs in HTML-based emails sent to our users to track which emails are opened by recipients. The information is used to enable more accurate reporting, improve the effectiveness of our marketing, and make Company better for our users.

How We Use Your Information

We use the personal information you submit to operate, maintain, and provide to you the features and functionality of the Service.

Any personal information or content that you voluntarily disclose for posting to the Service (for instance, in User Content you post) becomes available to the public. If you remove User Content, copies may remain viewable in cached and archived pages or if other users have copied or stored your User Content.

By providing Company your email address you consent us and select partners to use the email address to send you Service-related notices, including any notices required by law, in lieu of communication by postal mail. You may opt out or change the frequency of many Service-related communications by following instructions to unsubscribe. Select partners and we may also use your email address to send you other messages, such as newsletters, changes to features of the Service, or special offers. If you do not want to receive such email messages, you may opt out by unsubscribing from the email list. Opting out may prevent you from receiving email messages regarding updates, improvements, or offers.

Company may use certain information about you and/or your User Content without identifying you as an individual to third parties. We do this for purposes such as analyzing how the Service is used, diagnosing service or technical problems, maintaining security, and personalizing advertisements and promotions.

Company reserves the right, but has no obligation, to monitor the User Content you post on the site. Company has the right to remove any such information or material for any reason or no reason, including without limitation, if in its sole opinion, such information or material violates, or may violate, any applicable law or our Terms of Use Agreement or to protect or defend its rights or property or those of any third party. Company also reserves the right to remove information upon the request of any third party.

We use cookies, clear gifs, and log file information to: (a) remember information so that you will not have to re-enter it during your visit or the next time you visit the site; (b) provide custom, personalized content and information; (c) monitor the effectiveness of our service; (d) monitor aggregate metrics such as total number of visitors and traffic; (e) diagnose or fix technology problems reported by our users or engineers that are associated with the IP addresses controlled by a specific web company or ISP; and (f) help you efficiently access your information after you sign in.

mergers, or dissolution.

Non-Personally Identifiable Information: We may share non-personally identifiable information (such as anonymous usage data, referring/exit pages and URLs, platform types, number of clicks, etc.) with interested third parties to help them understand the usage patterns for certain Company services.

Company allows other companies, called third-party ad servers or ad networks, to serve advertisements on the Company site. These third-party ad servers or ad networks use technology to send, directly to your browser, the advertisements and links that appear on Company. They automatically receive your IP address when this happens. They may also use other technologies (such as cookies, JavaScript, or Web Beacons) to measure the effectiveness of their advertisements and to personalize the advertising content.

Company does not provide any personally identifiable information to these third-party ad servers or ad networks without your consent. However, please note that if an advertiser asks Company to show an advertisement to a certain audience and you respond to that advertisement, the advertiser or ad-server may conclude that you fit the description of the audience they are trying to reach.

You should consult the respective privacy policies of these third-party ad servers or ad networks. The Company privacy policy does not apply to, and we cannot control the activities of, such advertisers.

We cannot, however, ensure or warrant the security of any information you transmit to Company and you do so at your own risk. Once we receive your transmission of information, Company makes commercially reasonable efforts to ensure the security of our systems. However, please note that this is not a guarantee that such information may not be accessed, disclosed, altered, or destroyed by breach of any of our physical, technical, or managerial safeguards.
